Why do you want to join Kent Harrison Search and Rescue?

Describe your previous outdoor experience and the type of outdoor activities you currently enjoy.

Do you have any of the following qualifications, and if so what level? (Tick where appropriate)

NOTE: NONE OF THESE QUALIFICATIONS ARE MANDATORY, SIMPLY AN ASSET.

| | | | | |
|-----------|----------------|-------------|----------|-----------------|
| First Aid | Power Squadron | Avalanche | Rafting | Swift Water |
| ALS | Kayak | Rope Rescue | Tracking | Traffic Control |
| Skiing | Mountain Guide | Other | | |

How long have you lived in the area and how well do you know the surrounding wilderness and/or waterways?

List the personal outdoor equipment you currently have.

Describe the level of commitment you are willing to give the team. Are you available for a scheduled weekly evening training session and an occasional weekend day training?

A SAR member may be called out for a task at any time. Would you be available on such short notice (consider work and family obligations)?

Please list any pertinent medical conditions or allergies (diabetes, bee stings etc.)

How did you find out about Kent Harrison Search and Rescue?

- Although the team provides most of the specialized technical equipment to perform SAR work, members are expected to equip themselves with appropriate clothing, footwear and personal items.
- Formal training is provided and it is essential that members attend on a regular basis. Training is performed on a weekday evening from 7pm to 10pm and occasionally on weekends. This forms the basis of time commitment.
- Call-outs are unpredictable, but tend to occur mainly on weekends and evenings. Members should expect to experience incidents including large-scale searches in both urban and wilderness environments; embankment and/or high-angle rope-rescues; swift-water rescues; body recoveries; open (flat) water rescues and searches on lakes and rivers. In addition, the team delivers community education programs to educate people on techniques for dealing with wilderness incidents. Assistance to other community groups may also be provided by SAR members to facilitate fund-raising for the team.
